Brage, be City of St Louis, ing by me duly sworn dephises and says, that his Sugar Coated Pills, now so generally known throughout the southern and western States, do not contain one particle of Mineral of any kind, as has been erroneously stated. He further states that he is at this time manufacturing and putting up ready for market from 25 to 30,000 boxes of these pills per week-and that the orders and calls from agents and others for these pills, have become so numerous, even at this healthy season of the year, that some applications are necessarily delayed from ion to twelve days, on account of deponent's inability to manufacture them fast enough to supply the increasing lemand . Dr. Bragg further states, that it is his intention to extend and increase his manusactury until he can furnish the southern and western States with an ample supply of this celebrated pill. A. G. WILL MIRACLES NEVER CEASE?-More evidence of its sacrising Healh Restorateve virtues. From Dr. Baker, Springfield, Washington

co. Kentucky, Springfield, Ky, May 15, 1845. GENTS. I take this opportunity of informing rou of a most remarkable cure performed on me y the use of M'istar's Balsam of wild cherry. In the year 1810 I was taken with au inflamation of the bowels, which I labored under for six weeks, when I gradually recovered. In the fall of 1841 I was attacked with a severe cold, which seated itself on my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines and every variety of medical aid without benefit, and thus I wearied along un til the winter of 1814, when I heard of "Wister's Bal am of wild cherry."

My friends induced me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for another world. Through heir solicitation I was induced to make use of he"Geauine Wistar's Balsam or Wild Cherry," The effect was truly astouishing! After five years of affliction, pain and suffering; and after having spent four or ive hundred dollars to no purpose, and the be-t and most respectable physicians had proved unavailing, I was restored to health by the blossings of God and the use of Dr. Wistar's Balsam of wild cherry.

I am now enjoying good health, and such is my altered appearance, that I am no longer known when I meet my former acquaintances.

I have gained rapidly in weight, and my flesh bonais' Grove; Willard Wood, Crete; Edward is firm and solid, I can now eat as much as any Poor, Yankee Settlement; J. Jefferson county, Ala., Feb. 4, 1845. I certify that in the summer of 1843, I had a severe attack of Fever and Ague, and was for some time under the treatment of a physician, but received no benefit from his prescriptions; my disease continued to increase in the frequency and severity of its attacks. I at last had recourse to Dr. Hull's Fever and Ague, and anti-Fever Pulls. and in using half a box was entirely cured, and

have remained in good health ever since . I afterwards had in my family several cases of Fever and Ague, and have in every instance made use of Hull's l'ills, which have always immedi ately effected a cure.

Dr. Hull's Pills require no puffing where they are known, and where they are not, a single trial is sufficient to insure their adoption. Price \$1 per box, with full directions. A Fresh supply just received and for by Brown & Co., Joliet, and W. S. MYERS, Lockport.
